Final Classification: Not Depressed

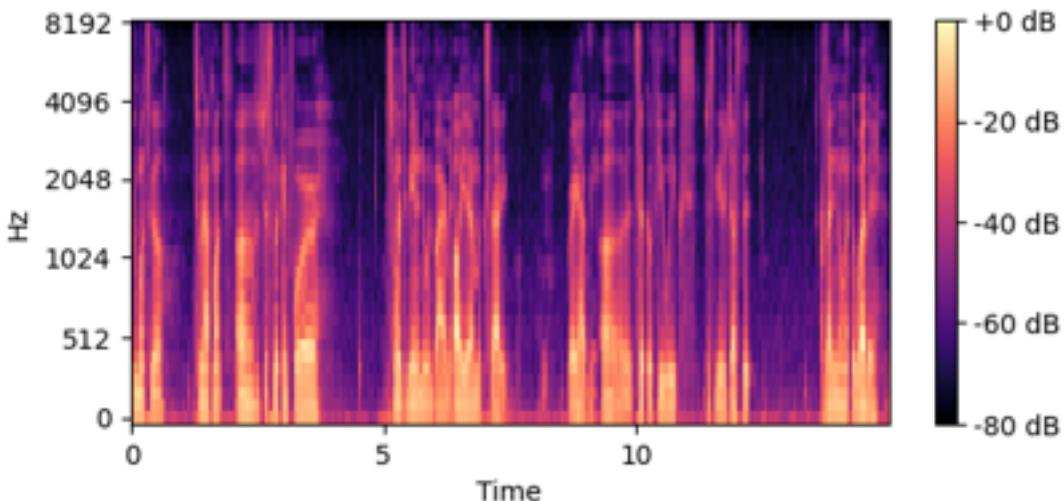

Final Probability: 0.4784

Segment 1 | Probability: 0.4514

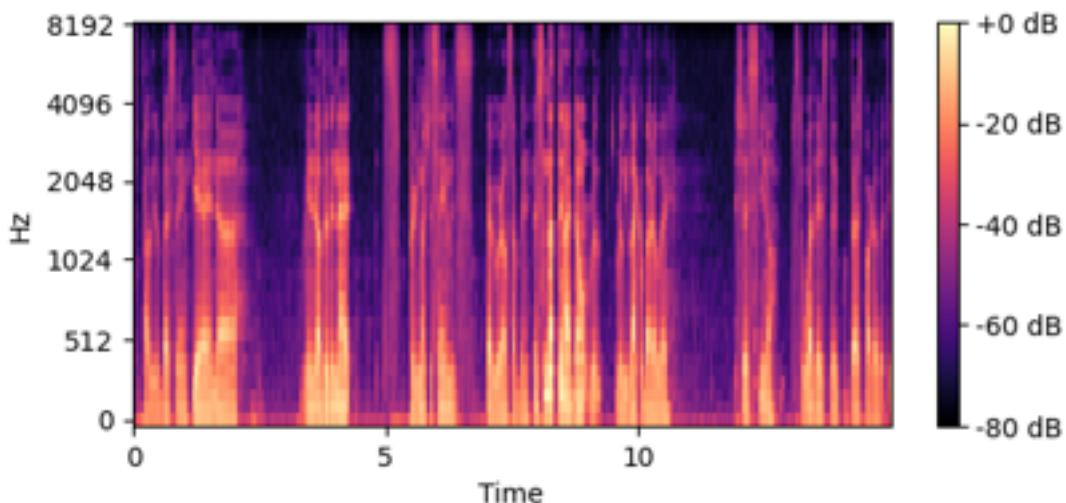

Yeah I'm okay with it. I feel pretty good. Little nervous because I've never done anything like this before. That's why. From Ohio Cincinnati.

Segment 2 | Probability: 0.4949

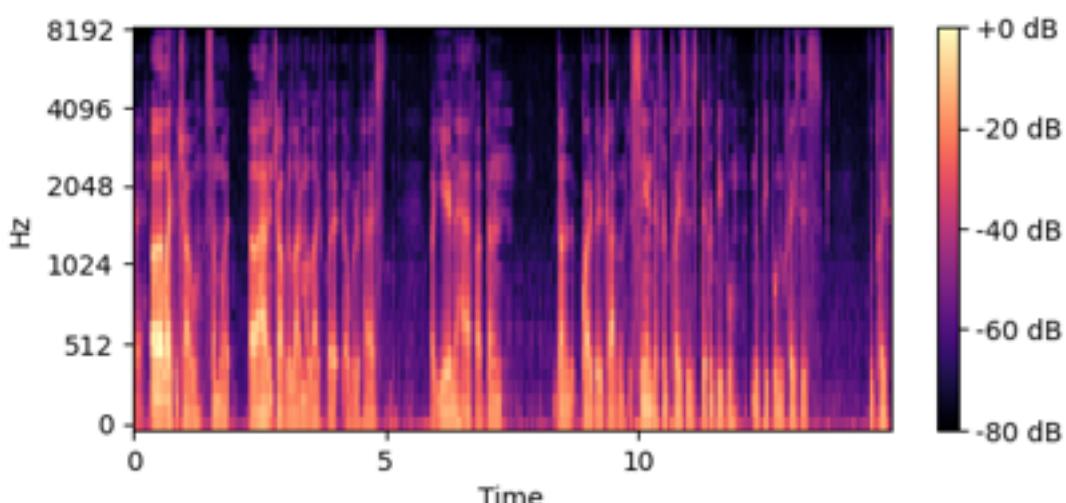

Two months ago, two and a half months. Oh, I was just looking for, just wanted to be in a new environment. Oh yeah, I'm ecstatic. Very happy. Oh, it took a few weeks just to get adjusted because I didn't know the weather.

Segment 3 | Probability: 0.4578

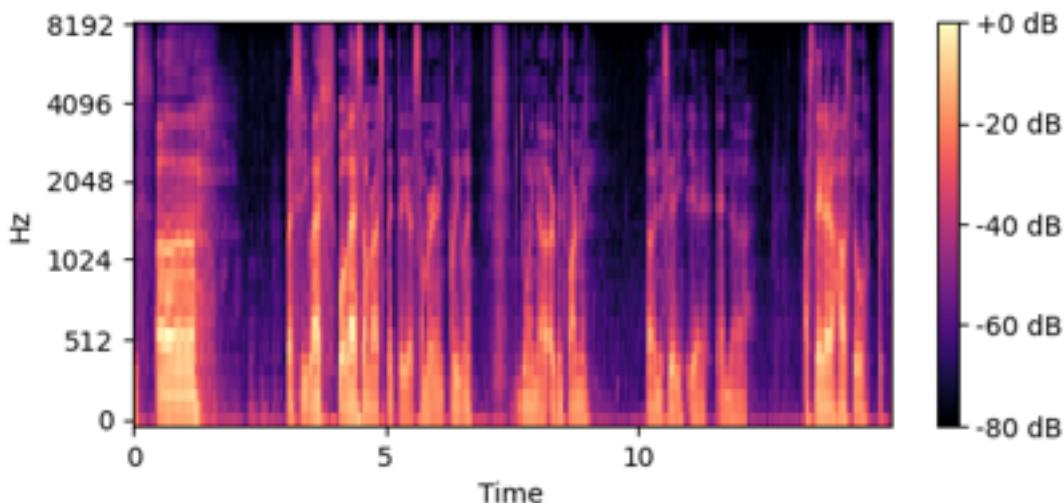

It's probably the best thing. Yeah, and other than that, it's pretty much the same as everywhere else I've been. It's nothing I don't really like about LA. It's just, you know, just the weather is the best part of it.

Segment 4 | Probability: 0.4714

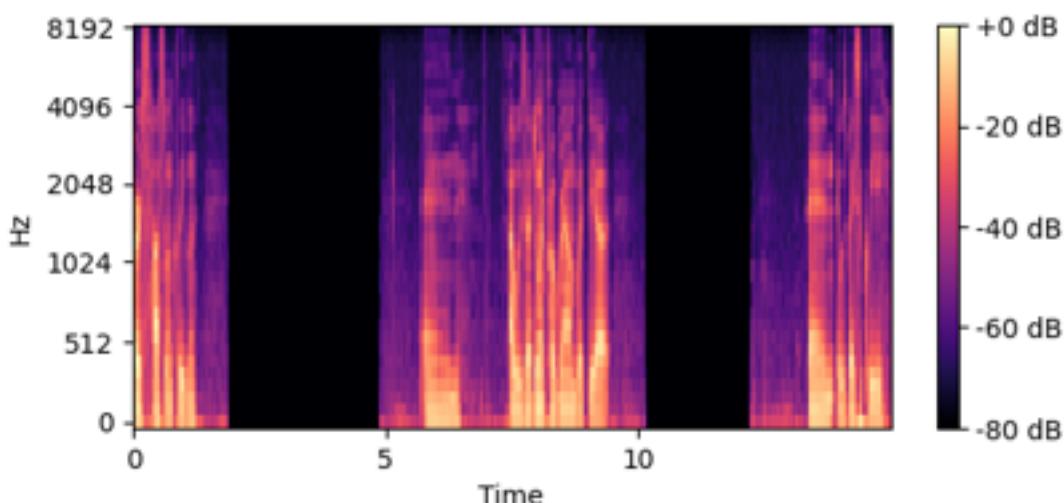

I like to travel somewhat. I haven't traveled a lot of my life, but over the past Year and a half I've done Done quite a bit of traveling seeing different places different people new people new faces new places

Segment 5 | Probability: 0.4752

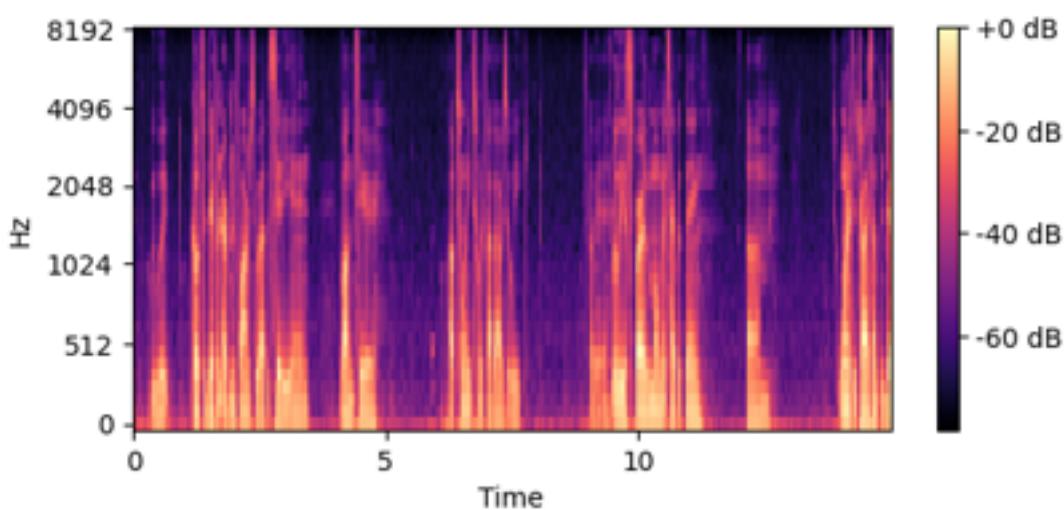

I'm going to go to the bathroom. This is uh let's see last well last summer I spent the summer in Cleveland doing urban farming in the city. Yeah. And uh I stayed at a hostel.

Segment 6 | Probability: 0.4961

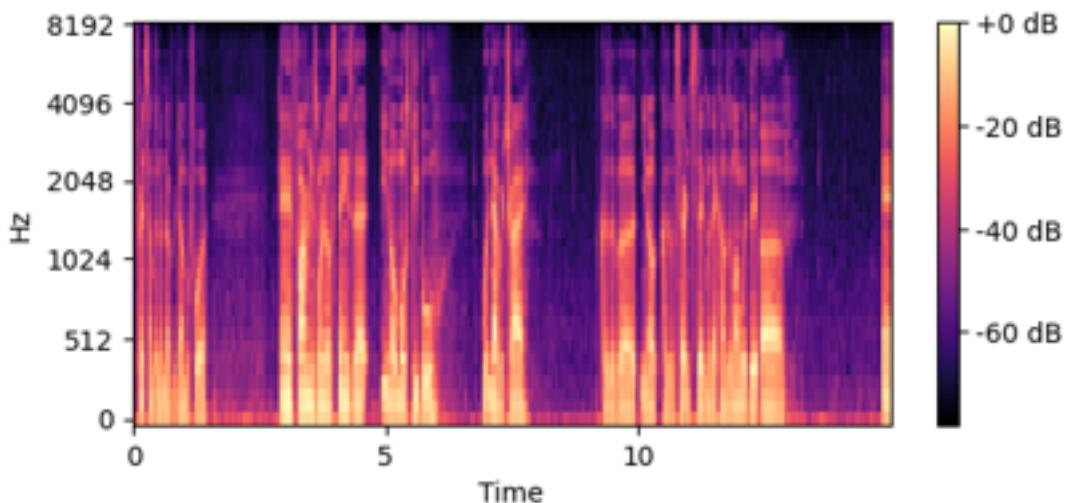

The worst hostel in Cleveland. And I was doing a program with the... And it was basically...

Segment 7 | Probability: 0.4458

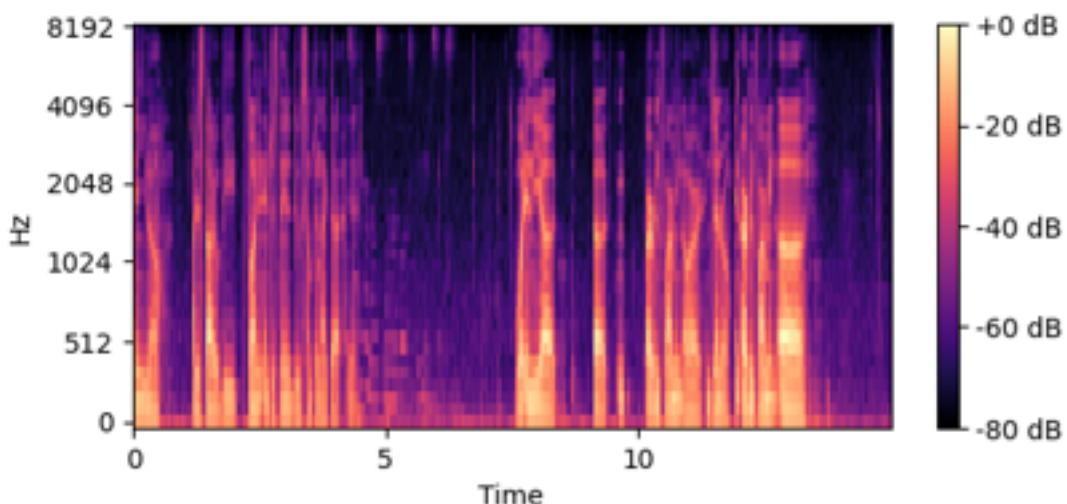

We would go to different urban farms throughout the city and volunteer about 20, 25 hours a week. So yeah, really a spur of the moment type of thing. Wanted to try something different.

Segment 8 | Probability: 0.4706

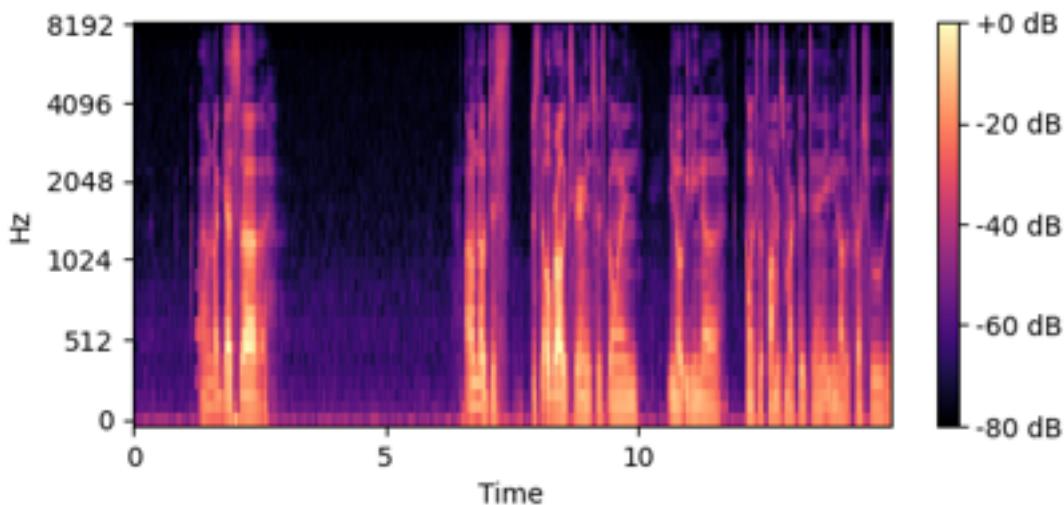

something I've never done before. And farming is one of those things that, you know, most people would never try because of, you know, because of a certain stigma that comes along with it. And...

Segment 9 | Probability: 0.4366

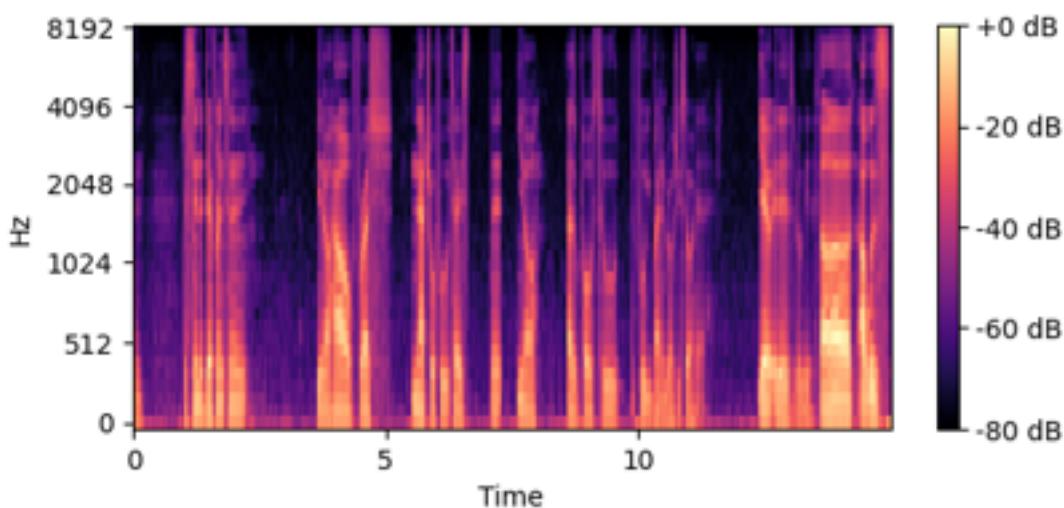

And you know, I just thought it would be fun and interesting to do something like that. What's your most memorable experiences? What in the urban farming or in general? In urban farming?

Segment 10 | Probability: 0.4350

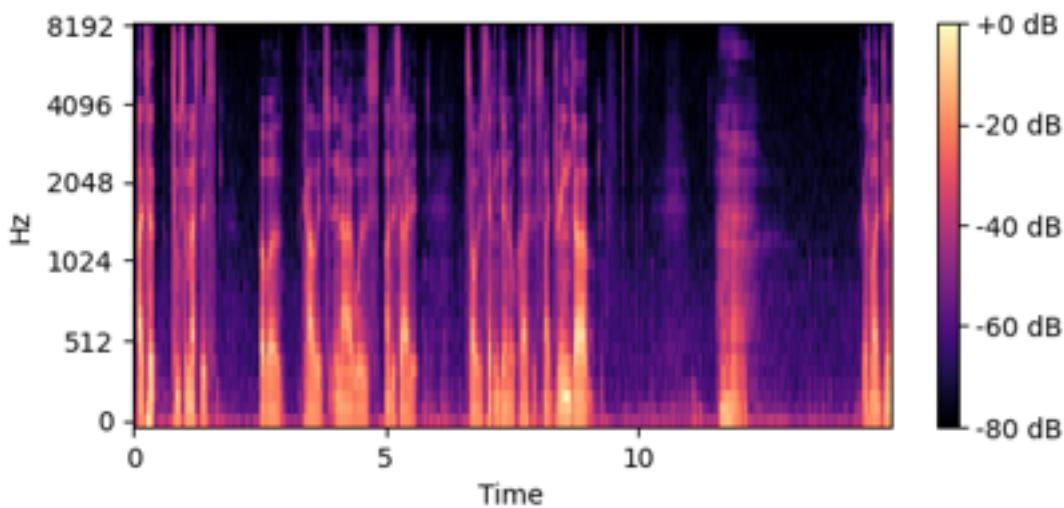

I don't know, I guess, I don't know, just the overall experience, just going, you know, eating, going to the farmers markets and eating all the fresh food.

Segment 11 | Probability: 0.4516

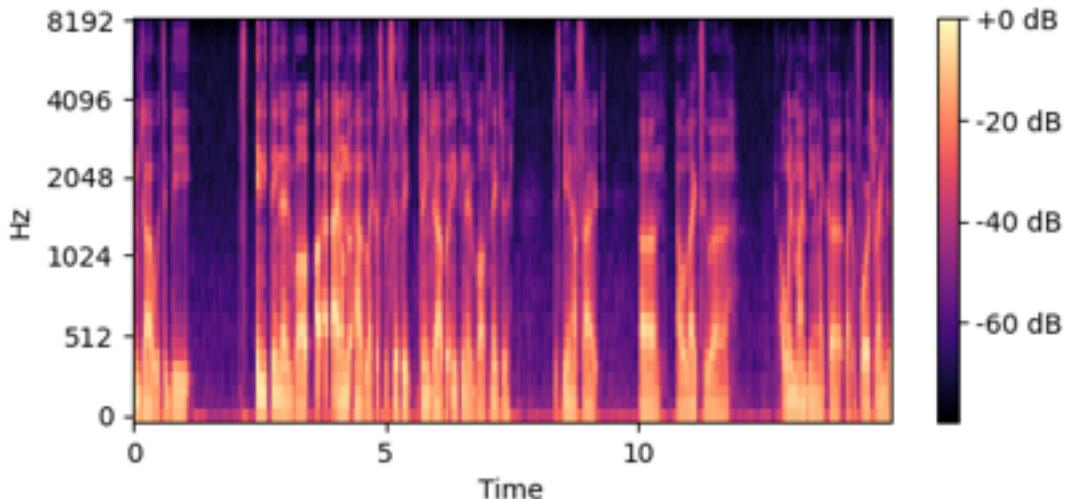

and just seeing the difference in how fresh natural food tastes as opposed to the food you buy at a grocery store. Yeah, it is, it really is. I was...

Segment 12 | Probability: 0.4006

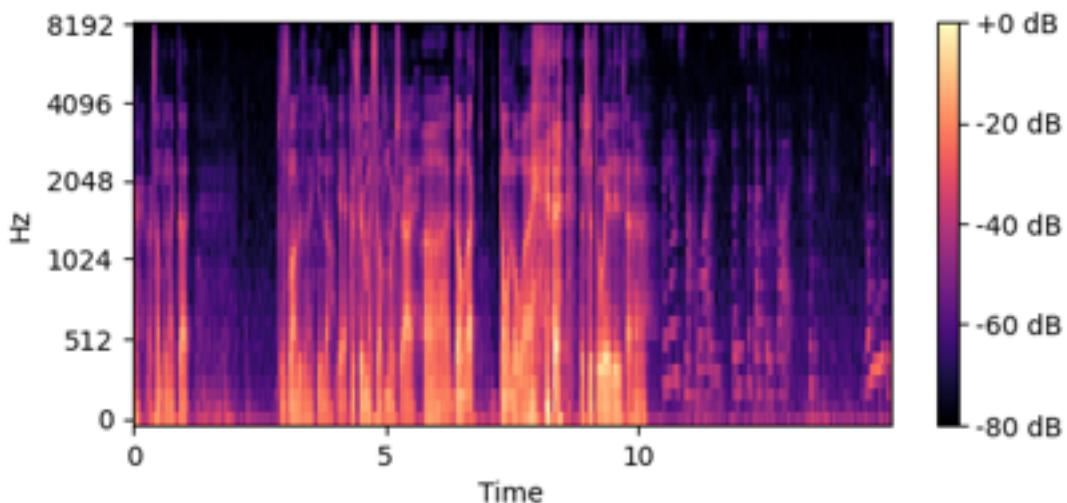

I took two semesters of college and I was undecided. So I was just taking general classes. My dream job. That's my dream.

Segment 13 | Probability: 0.4583

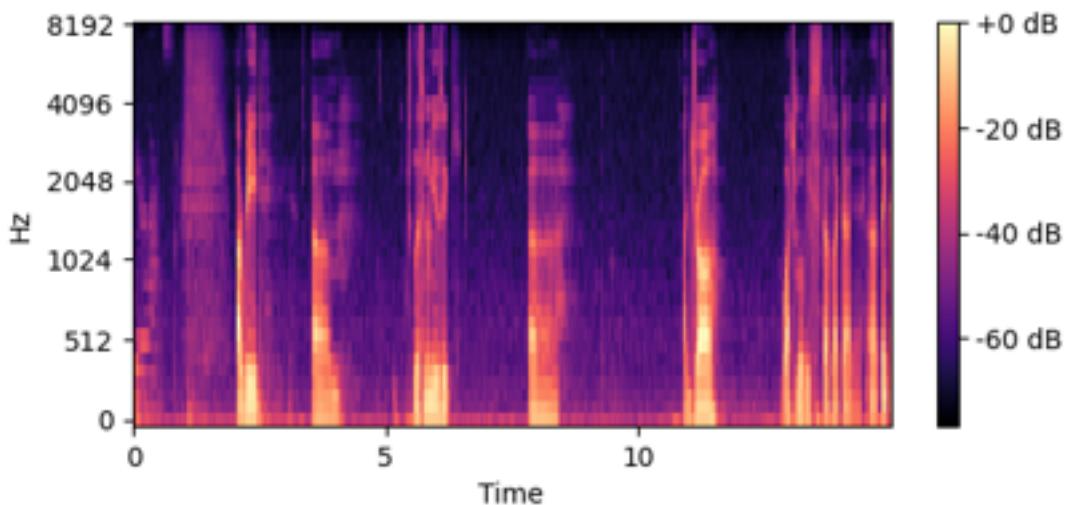

dream job would to be anything that involved. I don't have like a specific dream job, but anything that involves nature. Just being outside. I would like to, I wouldn't mind being like a forest ranger.

Segment 14 | Probability: 0.5040

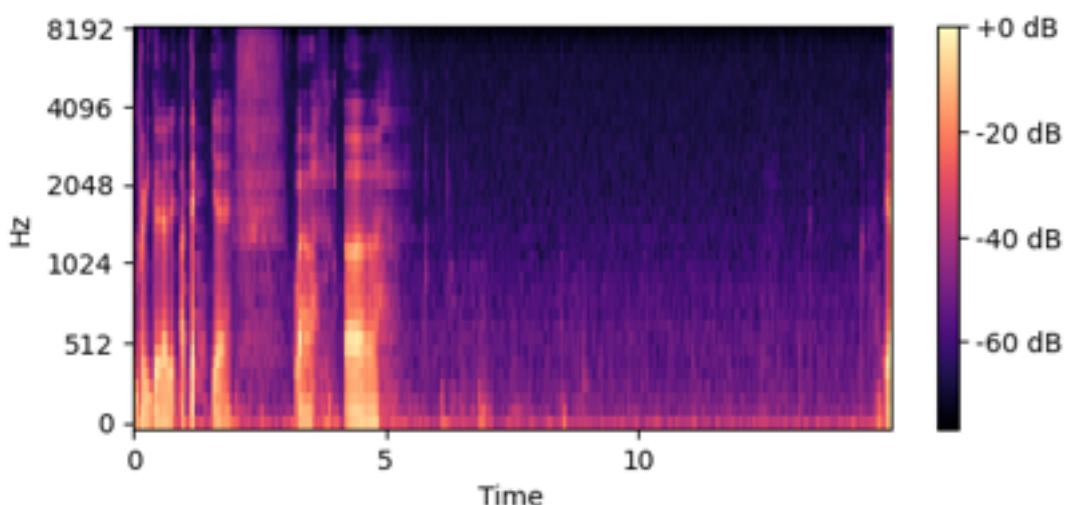

or something like that just as long as I you know yeah consider myself more shy
don't like don't know why it's just the way it is

Segment 15 | Probability: 0.5383

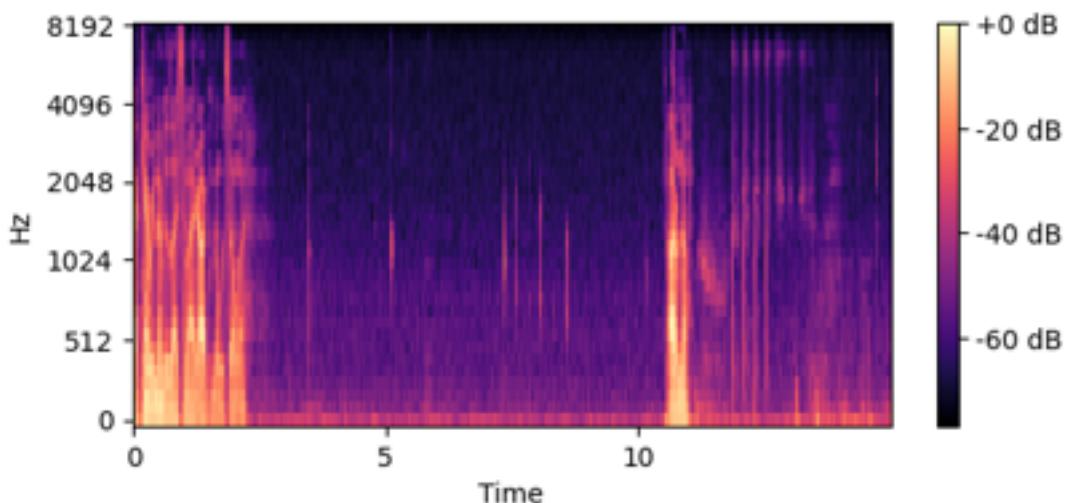

I read listen to music I draw watch movies stuff like that I think

Segment 16 | Probability: 0.4566

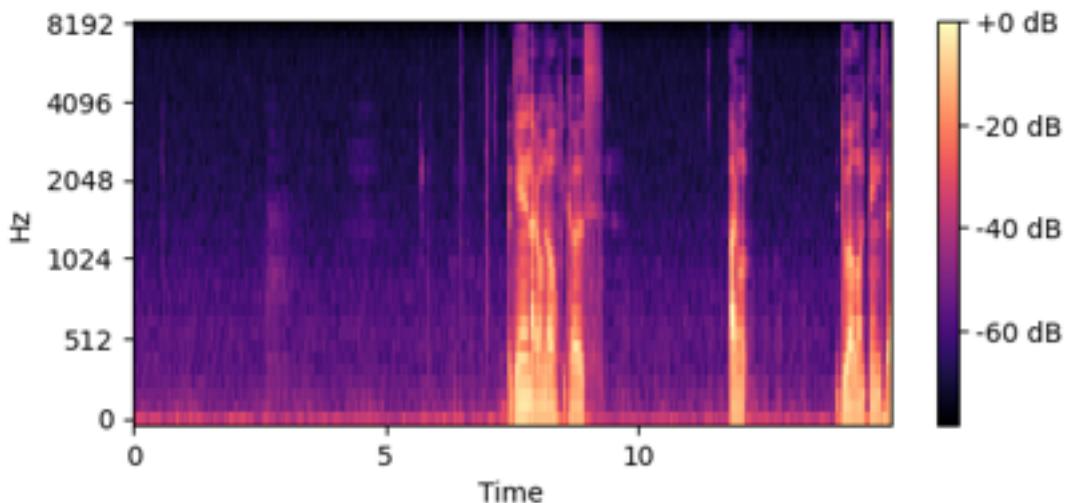

I think I'm pretty good at it. I think. Yeah.

Segment 17 | Probability: 0.4754

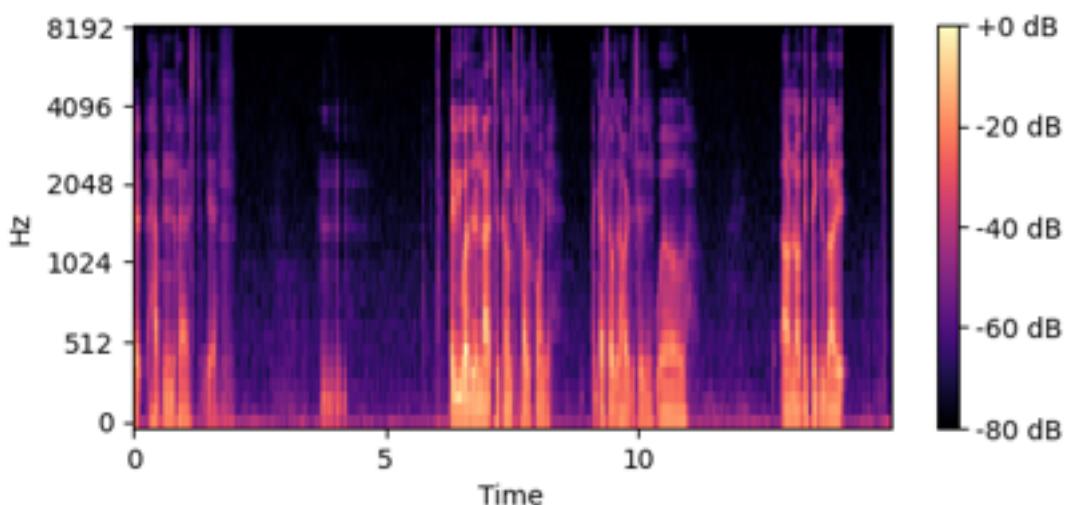

I can't remember the last time I had an argument with someone. I don't know.

Segment 18 | Probability: 0.5119

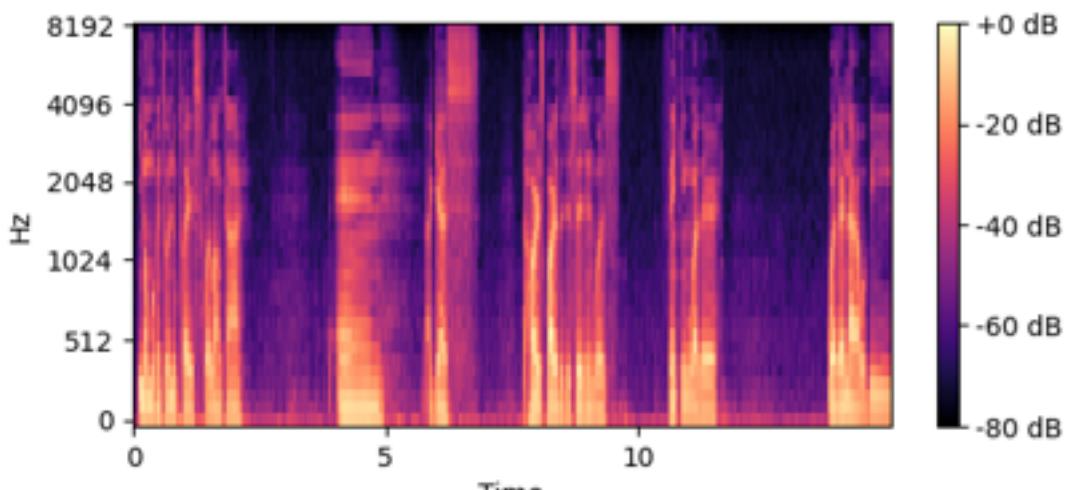

Again, I don't know because I don't dwell on things that

Segment 19 | Probability: 0.4664

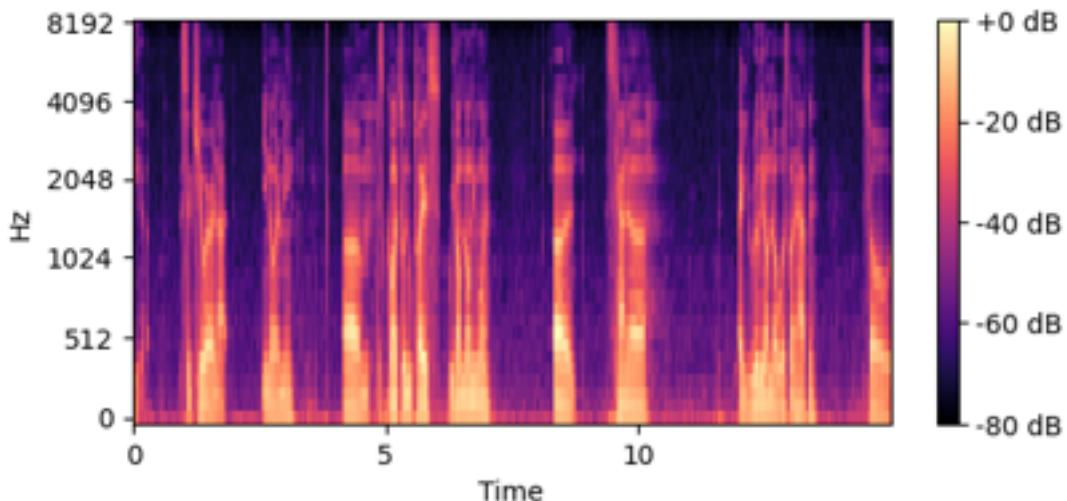

that happened in the past. Yeah. Maybe whether or not to come to California, I guess that was a hard decision. Well, I don't know. I've been thinking about it.

Segment 20 | Probability: 0.4255

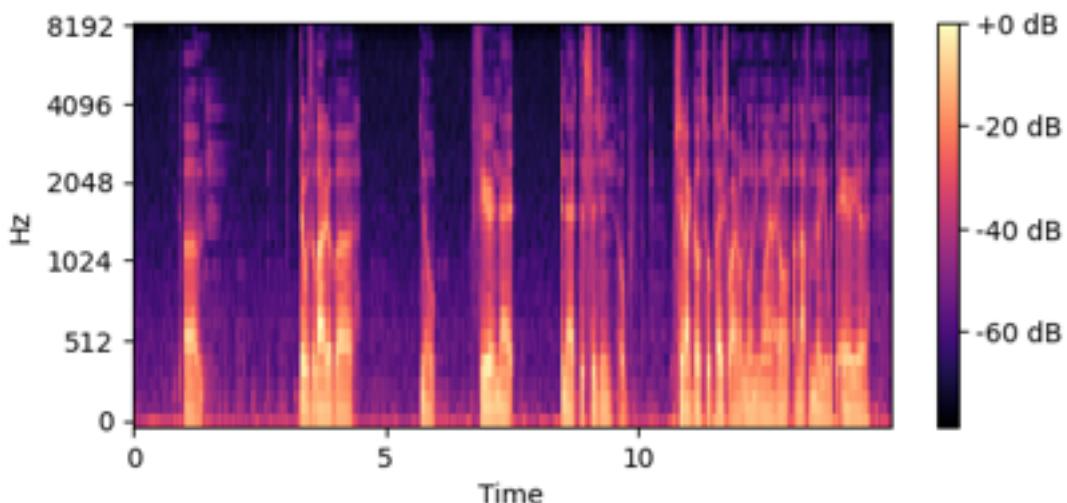

you know, moving to a new place for a long time. And I guess the hardest part of the decision was thinking whether, whether or not I will be

Segment 21 | Probability: 0.4697

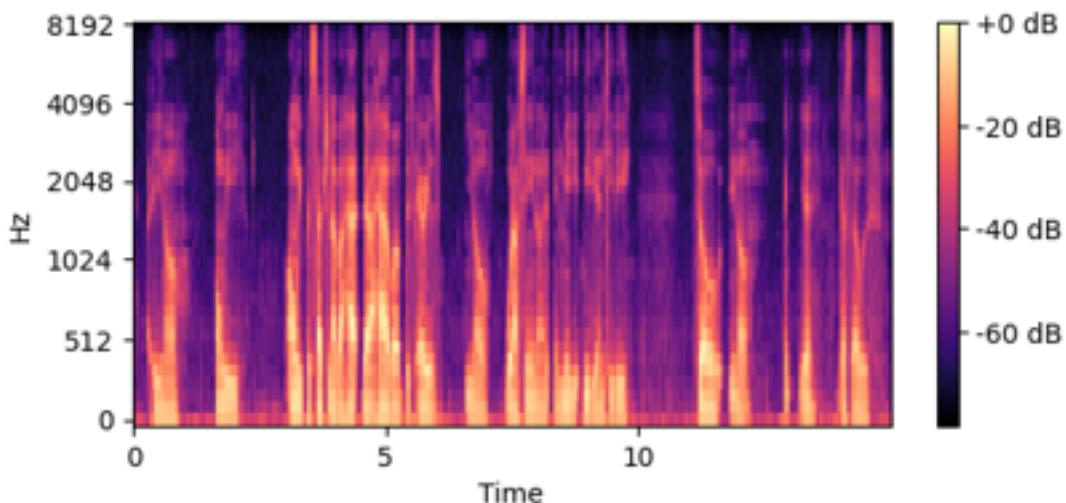

secure or not. You know what I mean? Just going to a new place where you don't know anyone. It's kind of, you really don't know what's going to happen.

Segment 22 | Probability: 0.4886

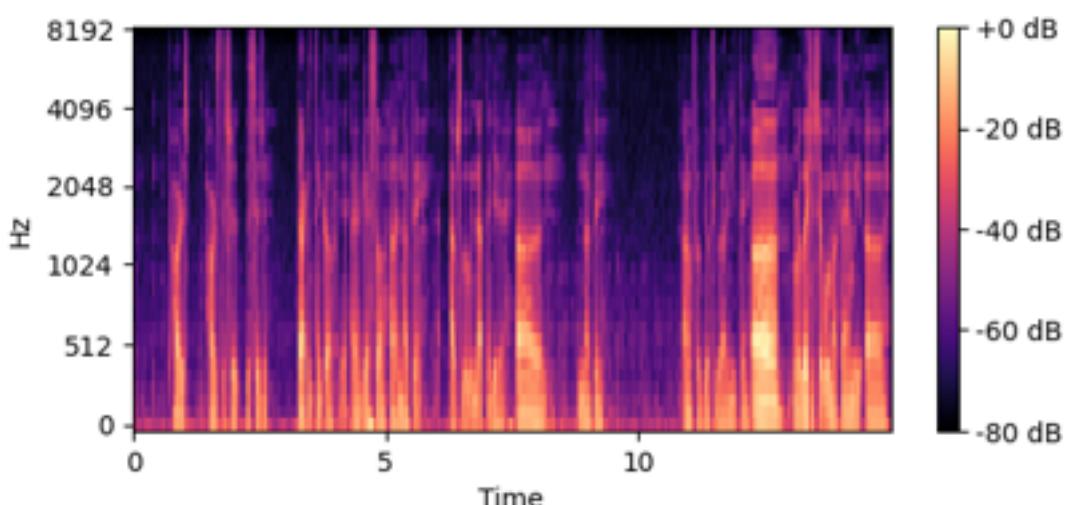

There was a lot of, you know, fear in that decision of, should I go to a place where I don't know anyone, I'm not familiar with the area.

Segment 23 | Probability: 0.4643

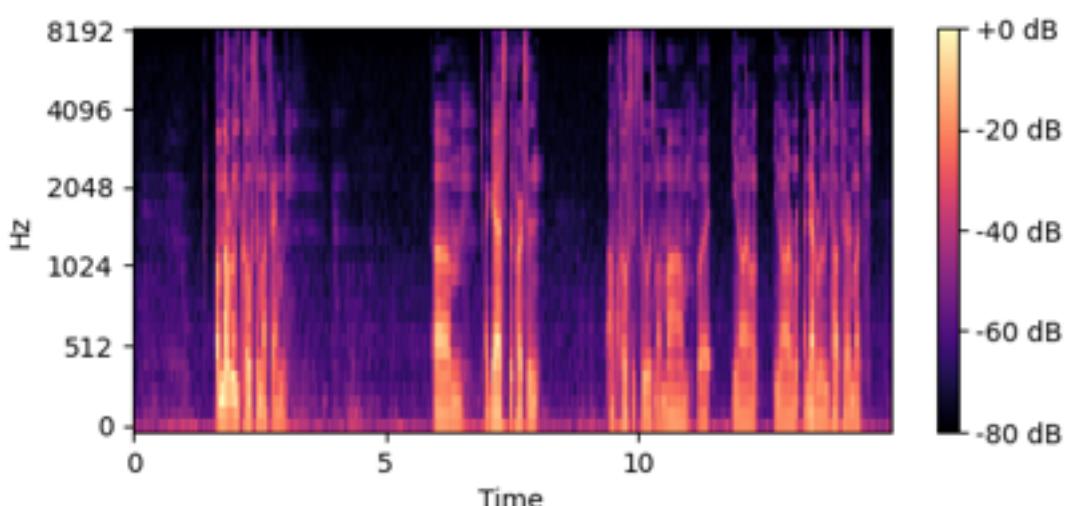

You know only only perception of a hat that I have of this area is you know What
I've seen in media and TV So, you know Yeah, I guess that was

Segment 24 | Probability: 0.4489

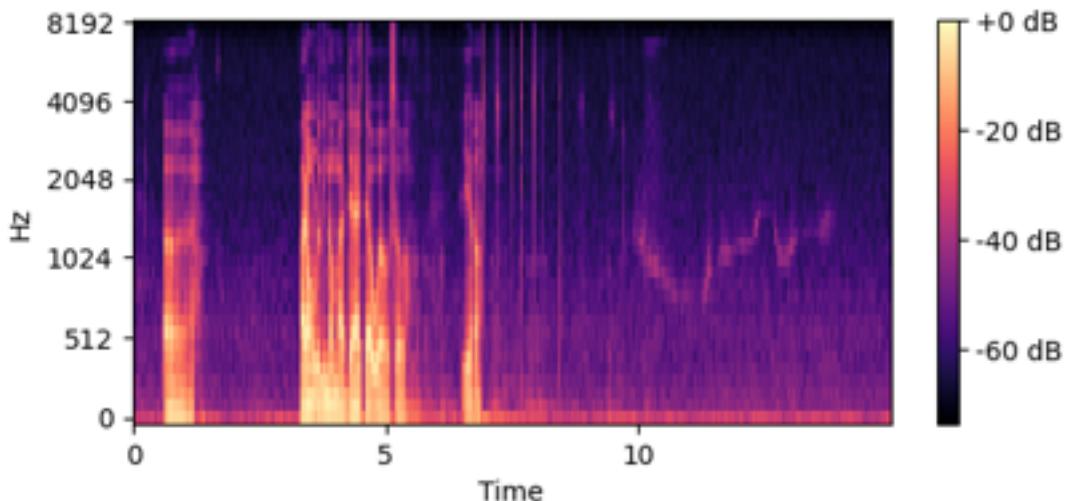

hardest decision that I can think of. I guess so. Nothing, absolutely nothing.
Yeah, nothing. I don't feel guilty about anything. Relationship with my family.

Segment 25 | Probability: 0.4837

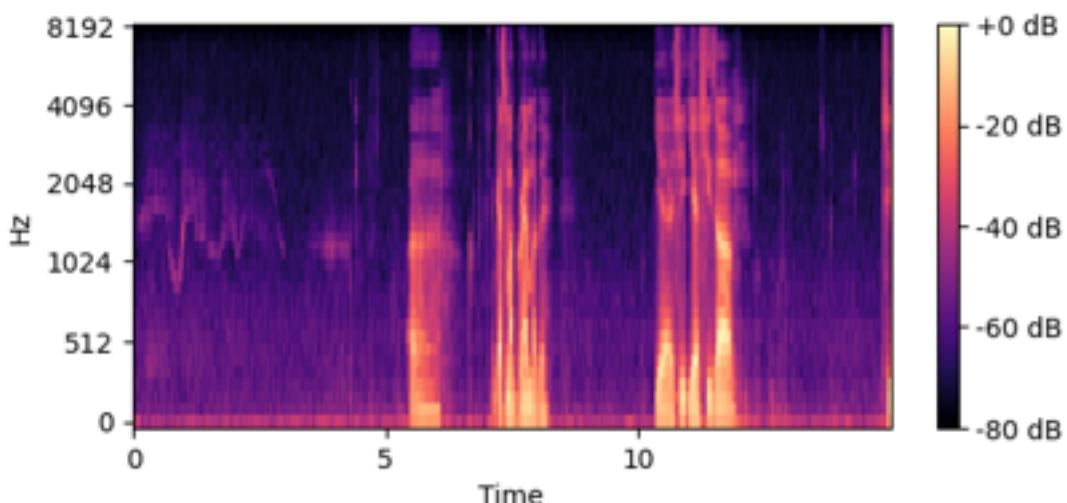

I'm not really close to my family. I guess the person I'm closest to is my mom, but, you know, I don't, you know, I never really talk to her much.

Segment 26 | Probability: 0.4536

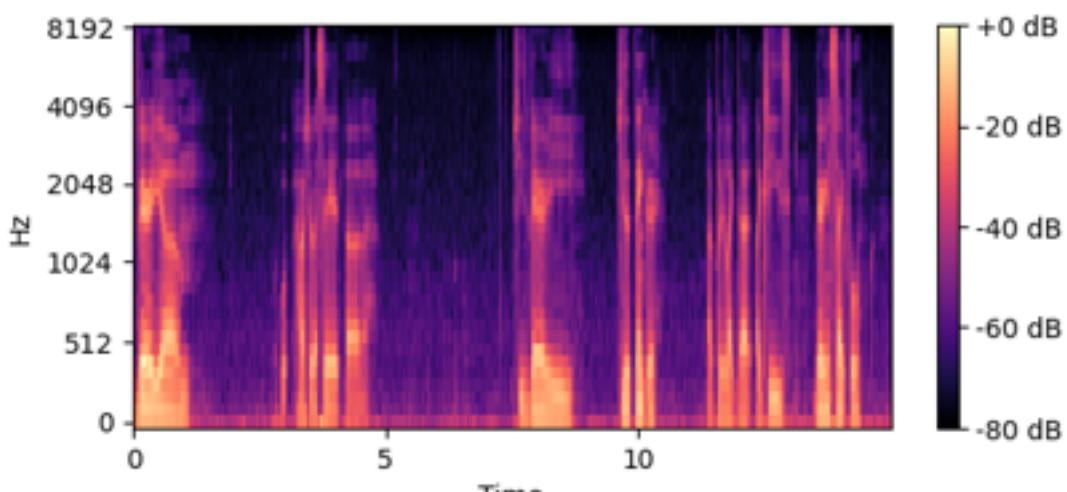

I don't really know my dad that well so you know

Segment 27 | Probability: 0.4749

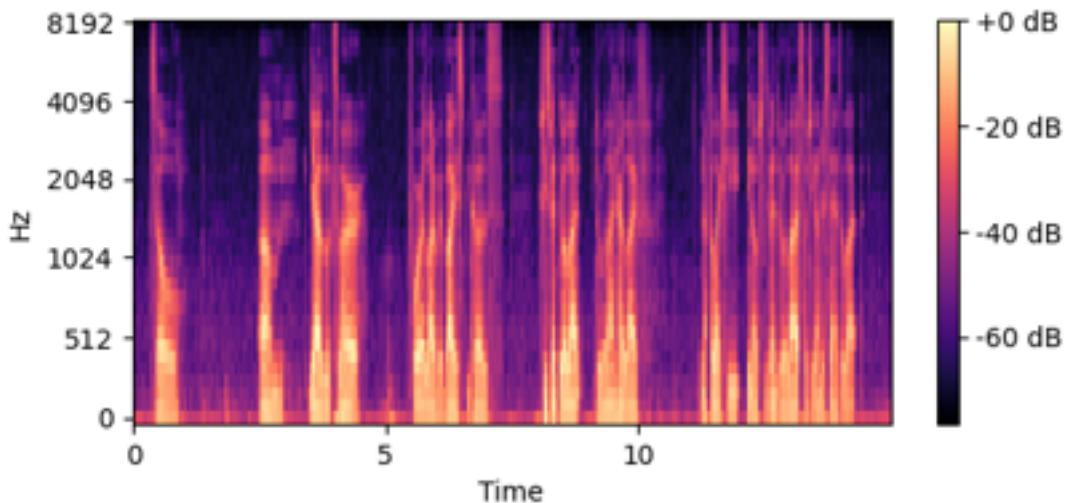

I Guess my grandmother Yeah, she yeah, she's uh

Segment 28 | Probability: 0.4583

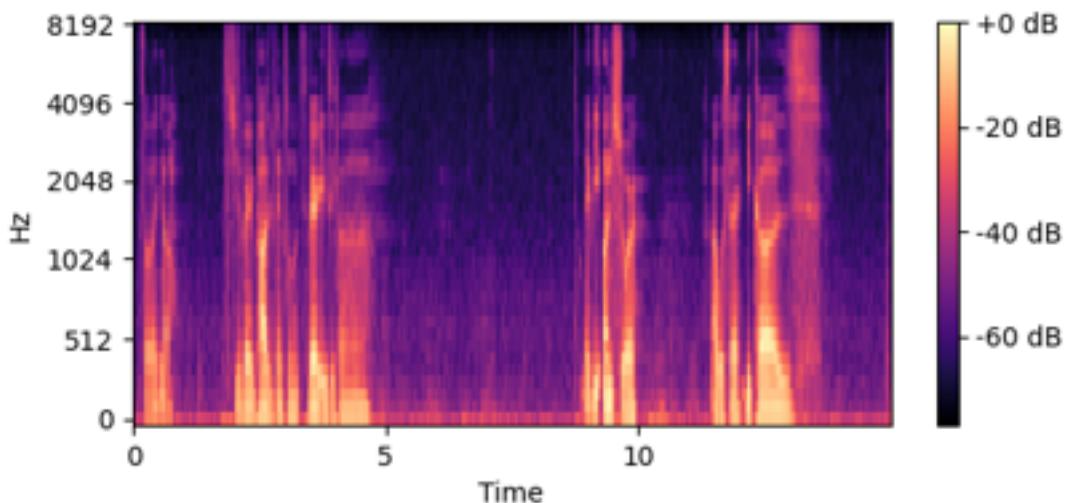

She's very, how should I say it? She's very, she's a thinker. I put it like that, like she's very insightful.

Segment 29 | Probability: 0.5627

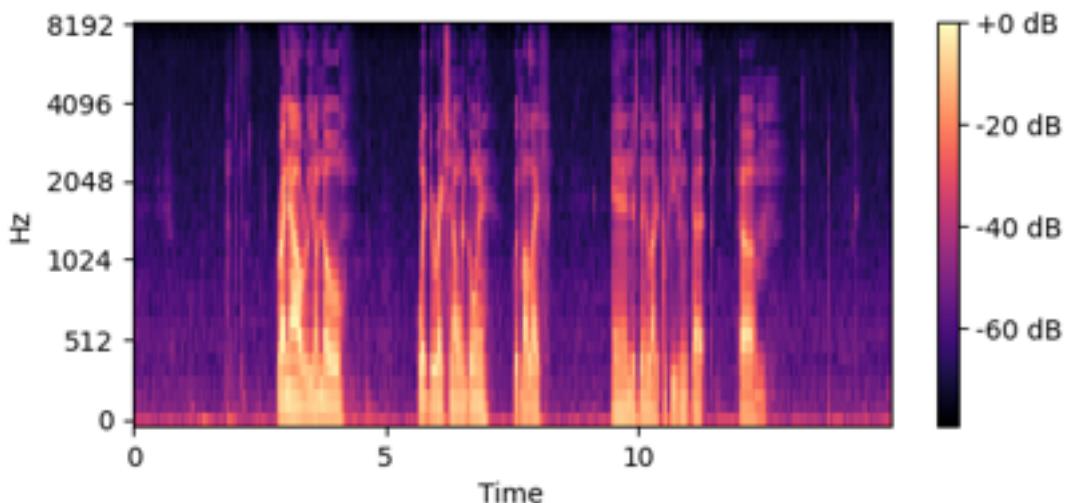

So Yeah, look to her for a lot of advice because She's been through a lot through a lot in her life And I feel like she you know, she's been through a lot so she understands a lot

Segment 30 | Probability: 0.4958

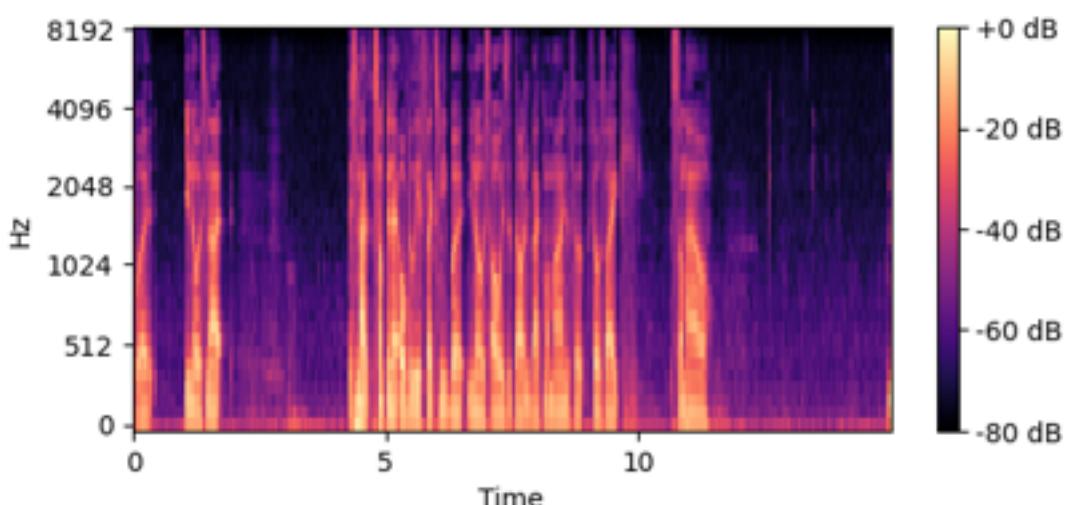

So you know, she's a very positive influence. Very easy. Maybe unsure, I would say because

Segment 31 | Probability: 0.4480

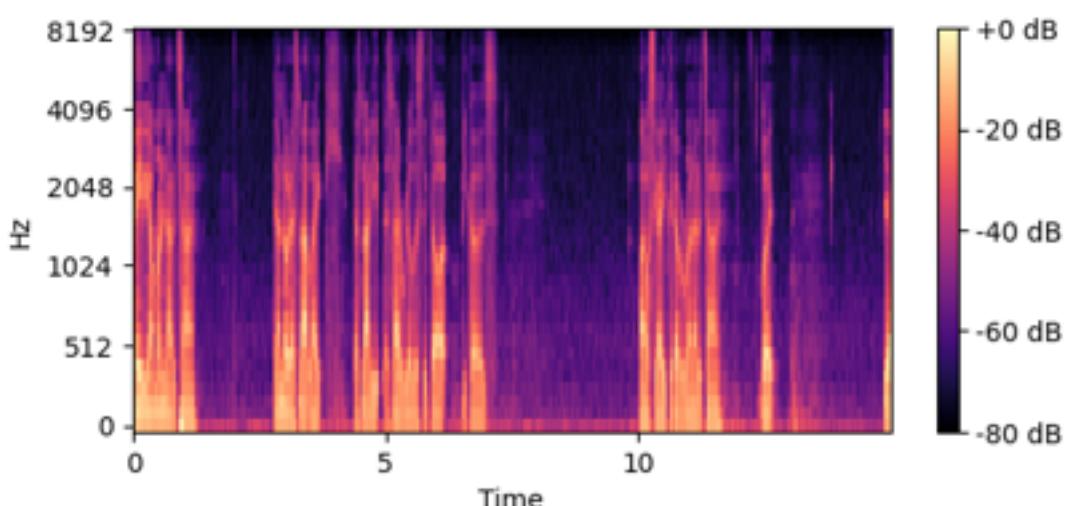

Right now I really don't know what direction I want to go in with my life. And there's been a lot of confusion with that.

Segment 32 | Probability: 0.5732

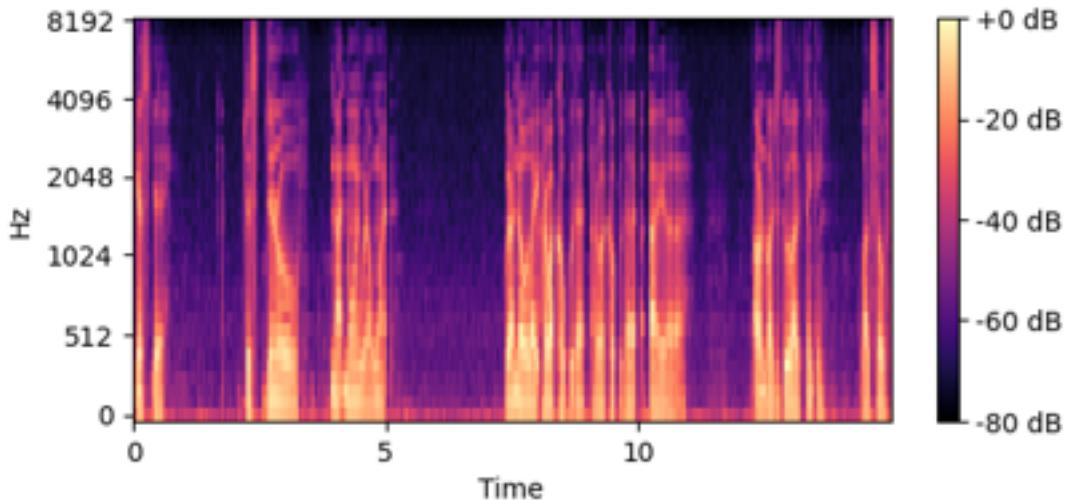

But it's not something that overly affects me, but it's always a thought in the back of my mind. It feels like somehow...

Segment 33 | Probability: 0.4984

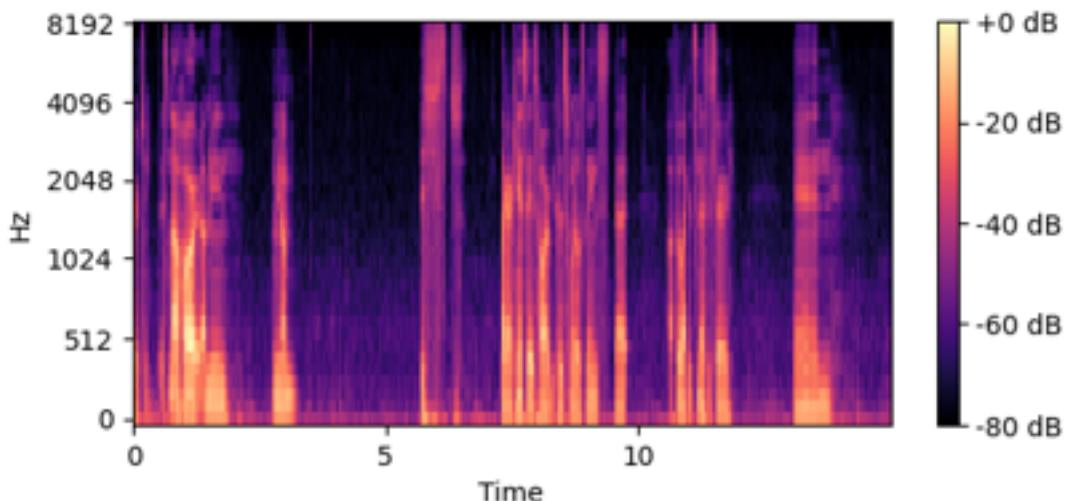

maybe I'm running out of time. And I know that's not like, that's not a realistic thought because I don't see how you could ever run out of time. But, yeah. Yeah.

Segment 34 | Probability: 0.5754

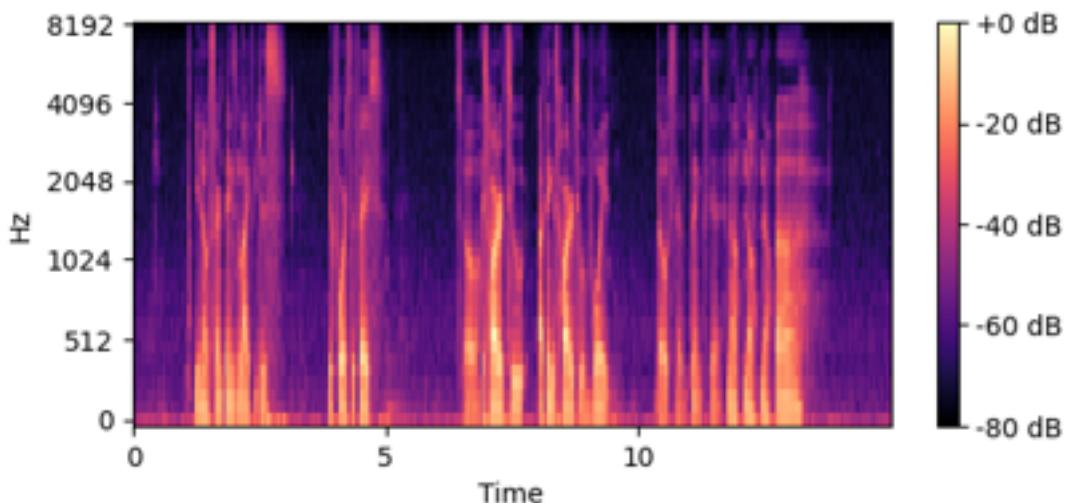

I guess, yeah, just general not knowing what I want. But I know, like, how do I cope with that? How do I cope with that? I don't know, I just do a lot of thinking, a lot of soul.

Segment 35 | Probability: 0.5192

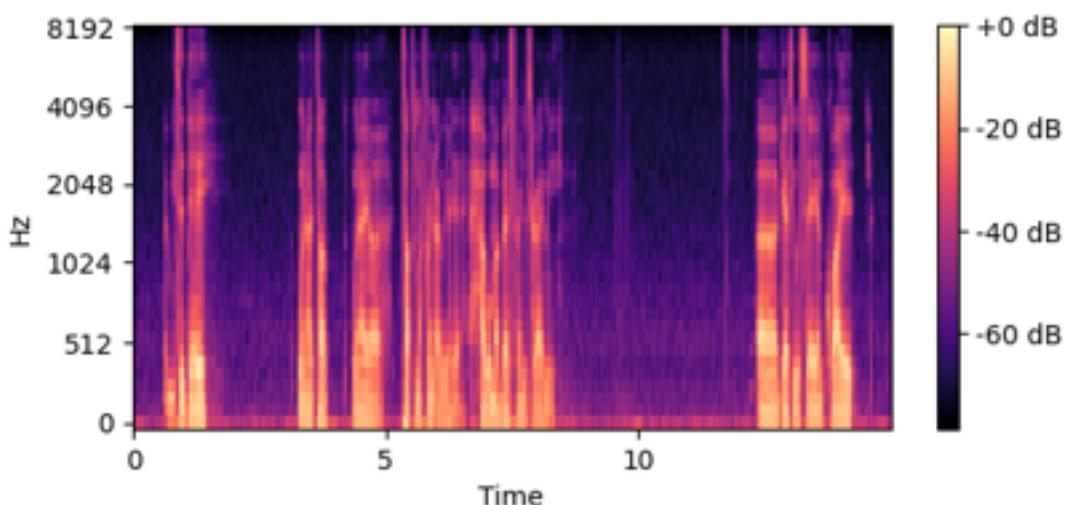

It's not hard. I mean, I mean, I'm like, I can't say it's hard because it's one of those things that I feel like it's necessary. And...

Segment 36 | Probability: 0.5487

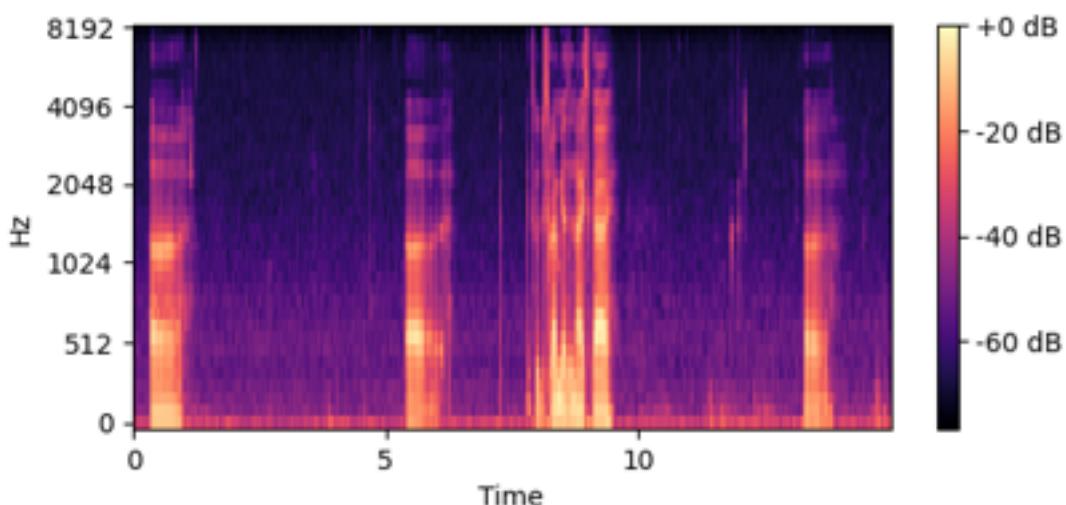

You know, certain things in life, you just, you're forced to face. So, it's harder to, I think it's harder to avoid those type of things. Yeah, no, no, no.

Segment 37 | Probability: 0.4894

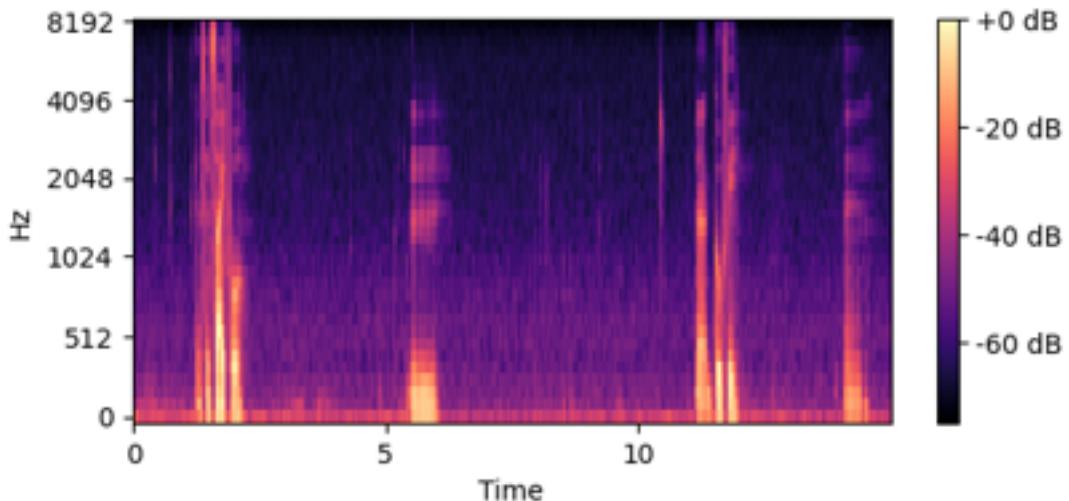

I mean today when I talk when I talked to my friend earlier how will my best friend describe me? I guess he would say I'm quiet

Segment 38 | Probability: 0.4415

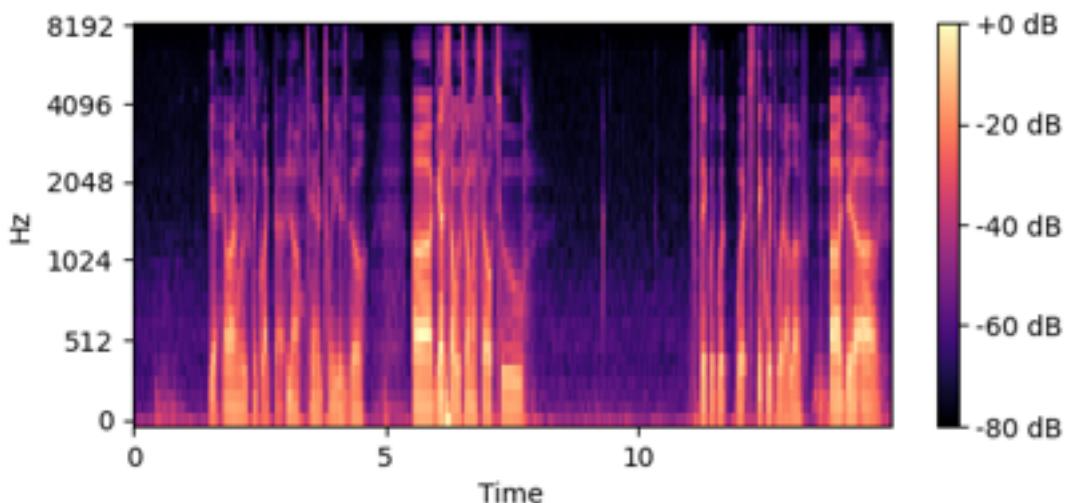

Uh... This would describe me as a nice guy.

Segment 39 | Probability: 0.4792

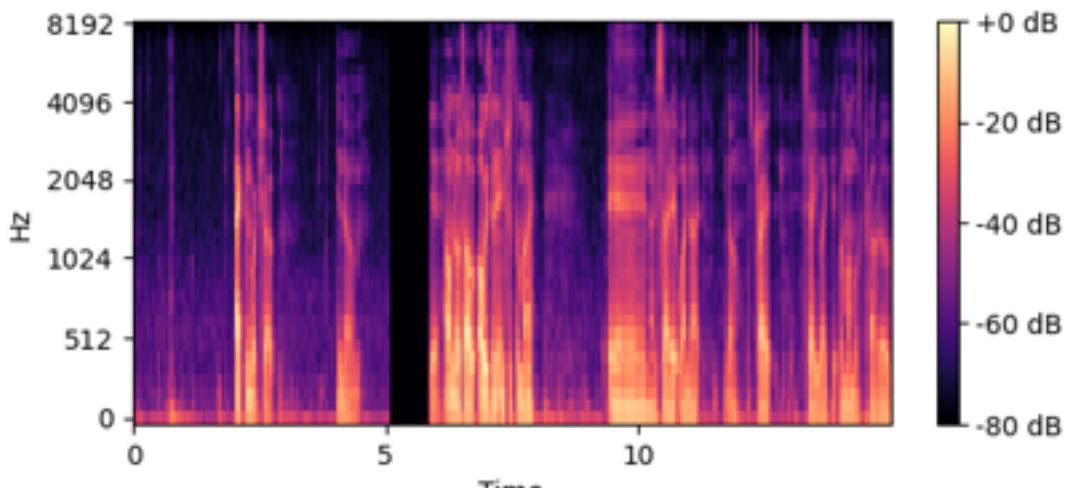

It's insightful. Goofy.

Segment 40 | Probability: 0.4188

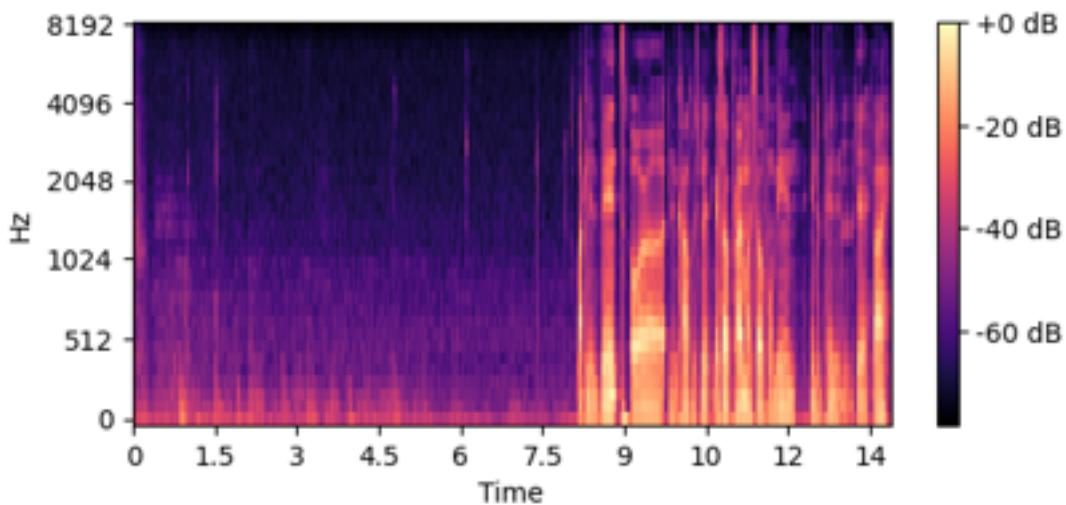

Yeah, I don't really think like that. No 10 or 20 years ago. I guess I would tell myself to Stick with what what stick with what I love I did a

Segment 41 | Probability: 0.4902

I'm a big fan of acting workshop. And, um, yeah. I don't know, so I've always been interested in mine. And I decided, why not, you know, let's try it. See how you like it. What I'm almost proud of.

Segment 42 | Probability: 0.4858

Like an event or an accomplishment. I guess I'll pride myself on being independent. Bye.
